Katherine Dines

Hunk-Ta-Bunk-Ta DREAM BIG! A MUSICAL EXPERIENCE

With a lively style that's packed with participation, award-winning songwriter, recording and teaching artist Katherine Dines involves audiences of all sizes with movement, sign language, sing-alongs, zany props and more, and inspires children to dream BIG and activate their imaginations.

Hunk•Ta•Bunk•Ta SOLO FAMILY PERFORMANCES:

Katherine Dines has captivated audiences throughout the globe since 1992. She performs original and traditional songs and stories from her 11 award-winning Hunk-Ta-Bunk-Ta® Music CDs. Packed with participation, Katherine engages audiences of all ages with movement, story songs, sign language, sing-alongs, percussion, zany props

and more, to create a uniquely entertaining and educational experience.

Hunk•Ta•Bunk•Ta BAND For FAMILIES

Same program as above, with the added fun of two amazing musicians. Ed Contreras plays a wide variety of percussive instruments from around the world, and Brian Mullins adds in his own expertise with many stringed instruments, flute and jaw harps!

Hunk•Ta•Bunk•Ta FUNsies!

New activity songs- (bounces, claps, taps and lap sit songs) especially for parents/care givers and babies 4-18 months

Hunk•Ta•Bunk•Ta TODDLER TIME

Parents, care-providers and their toddlers explore a host of musical activities (rhythm, sounds, finger plays, small and gross motor skills) created to help boost coordination, brain and motor development. Participants will stretch, march, hop, jump, spin, bend and crawl. Solid rhythms and simple singable lyrics will help toddlers build phonemic awareness along with pre-reading skills

Hunk•Ta•Bunk•Ta FUN!

Designed to help develop pre-literacy, small and gross motor and other learning skills, this workshop motivates minds and activates bodies of young children ages 3-6. Beginning with a short circle time warm-up, children move around and across the room to songs and rhythms and end the session with a creative cool down.

Hunk•Ta•Bunk•Ta SOUNDS!

Students listen to, try to identify and then emulate a series of unusual sounds collected and recorded from different parts of the world. An interesting array of unique musical instruments from other cultures are also demonstrated in this hands-on workshop. Can also be presented separately for older grades (4-5th) with focus on ethnic cultures, natural history and geography.

Hunk•Ta•Bunk•Ta MAKIN' MUSIC!

Select one of 22 different instruments designed by Katherine, for students ages 3-11 to make during this workshop. Then watch as they proudly play along to an original song. (All designs use inexpensive materials and/or found or recycled objects. Complete materials list provided in advance).

Hunk•Ta•Bunk•Ta CHANTS

Students will explore history behind many interesting phrases, rhythmic chants and songs from around the globe. Presentation includes: a welcome chant (Ghana), field holler (US east coast), sea shanty (Ireland), chain gang (US south), washing day ditty (Jamaica), clapping game (Brazil) sheep-shearing (Scotland) and others.

Hunk•Ta•Bunk•Ta BULLY PROOF!

A musical program that generates greater understanding of bullies; inspires students to modify their reactions toward bullish behavior and songs and participatory activities that encourage cooperation, acceptance and kindness

Hunk•Ta•Bunk•Ta WRITE-A-SONG!

A group of students ages 5 to 12 create their own lyrics to a song and record it. In smaller groups and in longer residencies where time allows, students may write and record their own songs. If time allows, students also have the option of choreographing and performing their song. This works well for PTO events. (Song writing Study Guide provided prior to this workshop upon request).

Hunk•Ta•Bunk•Ta BOOGIE!

(Songs and chants to sing and dance from around the world)). Traditional chants from around the world and original songs that actively involve audiences with singing and movement. Multicultural and historical in focus.

Hunk•Ta•Bunk•Ta WACKY WORDS!

Students participate in an English language adventure through songs, visual props, movement, and musical activities. Pronouns, adjectives, punctuation, clichés, some Sign Language, reading, writing and more.

Hunk•Ta•Bunk•Ta SELF ESTEEM

A lively combination of songs and music activities that are especially designed to foster self-esteem

Hunk•Ta•Bunk•Ta SENIORS!

Senior citizens get to try out their eyes, ears, hands and bodies on any of the above workshops. This is an overlooked workshop that has much to offer communities, and is also effective when presented simultaneously multi-generation ally with children.
